vishnu-y-s

I am currently pursuing ME in Software Systems from BITS Pilani and I am a proud graduate of first engineering college of Karnataka started by Sir M Visvesvaraya himself, UVCE, with Information Science as my major.

WORK EXPERIENCE

Senior Software Engineer
Stride.AI ⧉

07/2017 – 11/2018   *Bengaluru, India*

A Fin-Tech startup that automates business processes using AI and NLP for Banking and Finance sector clients

Achievements/Tasks
- Developed scalable and dynamic Web Applications to intelligently automate numerous client business processes using Stride's proprietary platform.
- Implemented text extraction algorithms for various projects using Stride's NLP tools.
- Worked with Clients to maintain the deployed production applications.

Software Engineer
Stride.AI ⧉

11/2016 – 06/2017   *Bengaluru, India*

Achievements/Tasks
- Developed responsive and dynamic Front-End pages for Web Applications using jQuery and Bootstrap and integrated the Front-end with the Django framework.
- Built text extractors to extract data from various public domain websites using Selenium.
- Designed official documents for Stride Business Team using Adobe Photoshop.

EDUCATION

Master of Engineering
Birla Institute of Technology and Sciences

08/2019 – Present   *Pilani*

Bachelor of Engineering
University Visvesvaraya College of Engineering

09/2012 – 07/2016   *Bengaluru*

SKILLS

Python   JavaScript   Django   AngularJS

MySQL   jQuery   Bootstrap   HTML & CSS

PERSONAL PROJECTS

Apache MapReduce vs Spark Performance Evaluator (09/2019 – 09/2019)
- Built a Django REST server that accepts a SQL query, processes it, and executes it on large datasets using Apache MapReduce and Spark. The output contains the result of the query and the time taken by each to compare their performances.

ACHIEVEMENTS

Won Best All Round Performer Award from Stride.AI (01/2017 – 12/2017)
Won this prestigious award presented annually to the most active contributor across projects

FreeCodeCamp Frontend Development Certification (10/2016 – Present) ⧉
Completed Front End Course on Free Code Camp in which I learnt HTML, CSS, JavaScript and jQuery

edX Honor Code Certificate for Introduction to Bootstrap (04/2015 – Present) ⧉
Completed the Introduction to Bootstrap Course
